

Need some supplies for glazing and kiln-firing ?

Look no further !

Santo Mignosa is closing his ceramic studio in North Vancouver and downsizing his production. Through the many years of working in this studio and firing his work primarily in a huge gas kiln, He now invites ceramists to make him an offer for all of the kiln and glaze goodies that you see here.

Additionally a new home is being sought for an entire or parts within of a walk-in gas kin. Interior bricks and door in excellent condition; shelving and supports, see below.

By appointment only, Santo will be happy to assist in the removal of his materials, bricks and kiln furniture. If interested please call him at 604-856-0634. He now lives & works in Aldergrove with Susan Gorris. Her cell phone is 778-233-5714.
